WHAT IS THE PPG?

A Patient Participation Group (PPG) is a group of people who are patients of the surgery and want to help it work as well as it can for patients, doctors and staff.

It's the best route for patients to advise and inform the Practice on what matters most to patients and to help identify solutions to problems, and represents wider patient interest.

We are actively seeking patients to join. Patients of any age, background or gender to attend regular meetings to discuss any ideas or changes you have for the practice.

AIMS

Some aims of PPGs are:

- To give practice staff and patients the opportunity to, where possible, share decision-making in the running of the practice.
- To provide for patients to make positive suggestions about the practice and be an advocate for patient preferences when appropriate.
- To provide a means for practice staff to inform patients about the reality of running a General Practice.
- To act as a representative group that can be called upon to influence the local provision of health and social care

WHAT CAN I OFFER?

We're looking for enthusiastic, motivated and friendly patients to get involved and make a difference.

We are restarting the group and it is a great opportunity to get new opinions and ideas from all of our patients.

WHY GET INVOLVED?

At its simplest, Patient Participation offers patients the chance to take a more active interest in developing local healthcare services.

When patients and staff are able to work together, it helps us provide the best service we can, which is all the more important as we emerge from the Covid-19 pandemic.

IF THIS SOUNDS LIKE SOMETHING YOU'D BE INTERESTED IN, PLEASE FILL IN THE FORM ON THE BACK OF THIS LEAFLET OR FILL OUT THE FORM ON OUR WEBSITE, WWW.BUXTONMEDICALPRACTICE.CO.UK
